

## 8" FLOAT DOCK® STRAINER

Do you need a self-leveling floating strainer that requires moving a large volume of water? The 8" Float Dock® Strainer is the answer! The 8" Float Dock® can handle GPM's of over 2000 gallons. Constructed from high grade 6061 aluminum tubing and designed with a built in carry handle and Secure Lock® to move and store with little effort. Connections available are 8" Storz or 8" Cam Locks (Male or Female). Colors available are Orange, Silver or Lime-Yellow. Call for pricing discount.
