

ROL-LA-TANK®

TYPE II

QUICK ASSEMBLE TANK WITH SNAP BUTTON CONNECTIONS

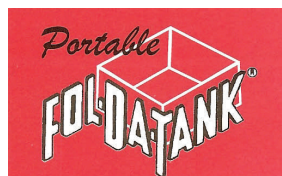

Construction Features

- Light weight
- No loose pieces to assemble
- Convenient to transport
- Can ship UPS or FED-EX
- Quick to set up
- No tools required

The ROL-LA-TANK TYPE II is a quick assemble relay storage tank to provide temporary storage of liquids in remote areas. This light weight tank can be easily assembled by one person using the snap-button connections. ROL-LA-TANK TYPE II is constructed from aircraft quality aluminum with interchangeable supports. The liner is constructed from industrial strength vinyl with aluminum or PVC flanges available from 1.5" - 3.0" with male or female threads. The frame and liner is stored in a heavy duty storage bag with 2" seat belt carry handles.

Standard liner fabric is 22 oz. PVC available in red, yellow, orange, blue, green and black.
Optional liner fabrics are 30 oz. PVC, chemical resistant and urethane.
Custom sizes available. Call for pricing.
